CATHOLIC/CRYPTO
CONFERENCE 2022

CATHOLIC/CRYPTO

CONFERENCE 2022

The Catholic/Crypto Conference 2022 brings together Catholic thought leaders, technologists, crypto enthusiasts, and evangelists-at-heart for two full days of seminars, meet-ups, strategy sessions, networking, and fun.

We aim to help individual Catholics and Church leaders understand the future...today.

We will address topics such as blockchain, Bitcoin, Web 3.0, NFTs, and the metaverse, and how they can affect Catholics and the common good.

WHO SHOULD ATTEND

- Catholic technologists
- Finance professionals
- Church lay & religious leaders
- DeFi innovators
- Catholic theologians & philosophers
- Investors
- Bitcoiners
- The crypto curious

A UNIQUE MOMENT IN TIME

Blockchain technology is leading to sweeping changes in communication, the internet, banking, digital assets, art, music, and more!

As Catholics, we must be ready to explore what these technologies mean, so we can discern how they can be leveraged for common good and the mission of Catholic evangelization.

Join us as we begin the conversation.
